BRIGHTPATH TECH | PROPOSAL FOR ENTERPRISE CLOUD SYSTEM UPGRADE

Submission Date: *2026-10-03* | ***Historical Experience Rating:*** *3.9 / 5.0*

---

1. EXECUTIVE SUMMARY & REQUIREMENT UNDERSTANDING

BrightPath Tech offers an agile, cost-effective, and rapid delivery model for your cloud modernization needs. We recognize the urgency of reducing operational overhead and accelerating time-to-market. Our team specializes in lightweight, rapid deployments that prioritize immediate feature delivery.

2. PROPOSED SOLUTION & IMPLEMENTATION APPROACH

• **Architecture:** Streamlined monolith-to-microservices transition using serverless components (Node.js and Python) hosted on cloud serverless functions.

• **Integrations:** Standard webhook integrations and lightweight message queues.

• **Scalability:** Auto-scaling managed natively by cloud provider infrastructure.

3. TIMELINE, TEAM STRUCTURE, AND MILESTONES

• **Total Duration:** 12 weeks (Fast-track delivery).

• **Team Structure:** 1 Project Manager, 2 Full-Stack Engineers, 1 QA Engineer.

• **Phase 1 (Weeks 1-3):** Rapid prototyping and core setup.

• **Phase 2 (Weeks 4-9):** Iterative feature development and integration.

• **Phase 3 (Weeks 10-12):** Deployment and immediate handover.

• **Risk Plan:** Addressed informally via daily agile standups and sprint retrospectives.

4. PRICE TABLE WITH ASSUMPTIONS

• **Total Project Cost:** $95,000 USD (Competitive market rate).

• **Breakdown:** Fixed-fee package covering full development and deployment lifecycle.

• **Assumptions:** Scope remains fixed; client handles internal stakeholder change management.

5. SECURITY, COMPLIANCE, AND RISK CONTROLS

• **Controls:** Standard industry password policies and HTTPS encryption. Data backup executed daily.

• **Certifications:** Basic hosting provider compliance inheritances (AWS/GCP standard compliance). Detailed internal audit policies are currently under internal review (Note: Formal SOC 2 audit report pending completion next quarter).

• **Privacy & Auditability:** Standard system access logs maintained for 30 days.

6. SUPPORT MODEL, RELEVANT EXPERIENCE, AND REFERENCES

• **Support Model:** Business-hours support (Monday–Friday, 9 AM – 6 PM) with a 4-hour response window for critical tickets.

• **Similar Projects:** Delivered 5 custom web application and migration projects for regional e-commerce and tech startups.

• **References:** Provided upon request.
